CDM Electronics, Inc. Receives Nadcap Accreditation for Electronics

Nadcap Accreditation Recognizes Manufacturer's Quality Commitment to Aerospace and Defense Industries

Turnersville, NJ, November 30, 2016...CDM Electronics, a premier authorized distributor of electronic connectors and cables, today announced the Company has received Nadcap (National Aerospace and Defense Contractors Accreditation) accreditation from the Performance Review Institute (PRI) for electronics.

"The achievement of Nadcap accreditation further certifies CDM's ongoing efforts to supply the aerospace and defense industry with superior products and services, which meet and often surpass customer requirements and industry specifications," said Lori Maeder, Vice President of Operations of CDM Electronics. "This accreditation represents our steadfast commitment to the aerospace and defense sectors on a truly global scale. We are proud of our engineering and quality control teams, along with our entire staff, who are dedicated to the standards of our quality management system."

"Compliance via Nadcap accreditation is a milestone in demonstrating manufacturing excellence," said Joe Pinto, Executive Vice President and Chief Operating Officer at the Performance Review Institute. "By obtaining Nadcap accreditation in electronics, CDM has proved to the industry that they are committed to quality and aerospace safety."

CDM's interconnect products and cable assemblies are widely employed by the world's leading aerospace and defense companies. They are most commonly specified in mission-critical commercial and private

aircraft avionic systems, commercial aircraft onboard entertainment systems, rotary wing aircraft avionics and onboard electronics, military aircraft avionics and fire control, as well as in space flight applications.

About Nadcap

Created in 1990 by SAE Inc., Nadcap is administered by the not-for-profit Performance Review Institute. PRI is a global provider of customer-focused solutions designed to improve process and product quality by adding value, reducing total cost and promoting collaboration among stakeholders in industries where safety and quality are shared goals. PRI works closely with industry to understand their emerging needs and offers customized solutions in response. Learn more at www.p-r-i.org or contact PRI at PRI@p-r-i.org

About CDM

For over 20 years, [CDM Electronics](http://www.cdmelectronics.com) has delivered interconnect product and cable assembly solutions to the world's leading aerospace, military, telecom, automotive, industrial, commercial, and alternative energy providers. Renowned for its unsurpassed levels of customer service and support, the company supplies Original Equipment Manufacturers (OEMs) with full lines of standard and specialty connectors including circular, Mil-Spec, DIN, power, PROFIBUS, rectangular, and RF devices. CDM employs documented and controlled systems in its value-added division, which specializes in mission critical cable assembly, including custom cable assembly, military cable assembly, power cable assembly, and box builds. The company's ISO 9001:2008 Certified headquarters is in Turnersville, NJ. Regional offices are located in Irvine, CA, Madison, AL, Plano, TX and Williamstown, NJ.
