**Mike Licchetto Promoted to Director of Quality
For CDM Electronics**

Turnersville, NJ, November 17, 2017... CDM Electronics has announced the promotion of Mike Licchetto to Director of Quality, overseeing all of CDM's quality initiatives companywide. Mike brings over 35 years of experience in electronics and quality management to his new role, including an extensive background implementing and sustaining Quality Management Systems in the telecommunications industry at GTE and Alcatel-Sprint. Mike joined CDM's team in 2007 as a Quality Assurance Manager at the Turnersville, NJ, headquarters and has been instrumental in introducing, implementing and recertifying quality programs such as AS9100 and Nadcap along with customer-specific certifications. He will continue his key role in developing and supporting business plans, identifying cost reduction opportunities and optimizing customer and supplier relations. Mike's extensive and diverse academic achievements include a degree in Electronics/Business Administration with a second degree in Organizational Management from Cabrini College. Mike is a Senior Member in the ASQ organization and member in the Nadcap Electronics Task Group (ETG) working to improve quality in the aerospace and defense industries. He combines his love of bicycling with giving back to the community by participating in city-to-shore rides supporting the National Multiple Sclerosis Society.

About CDM

For over 20 years, [CDM Electronics](http://www.cdmelectronics.com) has delivered interconnect product and cable assembly solutions to the world's leading aerospace, military, telecom, automotive, industrial, commercial, and alternative energy providers. Renowned for its unsurpassed levels of customer service and support, the company supplies Original Equipment Manufacturers (OEMs) with full lines of standard and specialty connectors including circular, Mil-Spec, DIN, power, PROFIBUS, rectangular, and RF devices. CDM employs documented and controlled systems in its value-added division, which specializes in mission critical cable assembly, including custom cable assembly, military cable assembly, power cable assembly, and box builds. The company's AS9100 Certified headquarters is in Turnersville, NJ. Regional offices are located in Huntsville, AL, Irvine, CA, Plano, TX and Williamstown, NJ.
