CDM Electronics Thanks Participants and Presenters from the Times Microwave LMR Connector and Accessory Certification and Grounding & Lightning Protection Training

Free all-day RF training session held on May 3, 2017 at Rowan University in Glassboro, NJ

Turnersville, NJ, May 4, 2017... CDM Electronics would like to thank everyone involved in the May 3 training session held on the campus of Rowan University in Glassboro, NJ. Times Microwave's Lou Caruso covered correct cable selection for the application, best practices for consistent results, and troubleshooting termination and install issues. Participants received a certificate of training upon completion of that session. Bogdan Klobassa (shown in photo) trained the participants in lightning theory, proper grounding and shielding of wireless installations, and protection technologies for specific applications. Along with the in-person session, both training segments were broadcast on Periscope, Instagram Live and Facebook Live to an online audience.
